

PROCAREXP

Why ProCare XP?

Innovative Technologies Integrated 6-in-1 Perfect Body Care Solution

PROCAREXP ProCare XP is Integrated Technology

What is Integrated Technology?

Integrated Technology: ProCare XP includes specialized 6-in-1 integrated Ultra-Cavitation, BIS RF, Vacuum, EMS, LED, Electrophoresis to increase efficiency.

RF Handpiece includes SeoulinMediCare's Unique Technologies: **BIS™** and **Super Pulse™**

- **BIS™**(Burnless by Impedance Smart) : Real-time impedance check to prevent burns (Safety↑),

- **Super Pulse™**(Super Pulse Vacuum) : SeoulinMediCare's unique Vacuum technology enables powerful and smooth treatment (Ease of treatment↑, Efficiency↑)

PROCAREXP

6-in-1 Advanced Applicator Technologies

ProCare XP integrated Advanced Applicator Technologies

Buzz less Cavitation, BI Smart RF, EMS, Vacuum Super Pulse System, LED and Electrophoresis

Fine wrinkle improvement

For face & eye rims

• RF + EMS + Electrophoresis (小)

Treat skin troubles

PROCAREXP

Why ProCare XP?

Innovative Technologies Integrated 6-in-1 Perfect Body Care Solution

Ultra-Cavitation
Buzz-less

Multi-Polar RF
Burnless by Impedance

Vacuum
Super Pulse / Super Sliding

Electrical Muscle Stimulation

LED
Blue LED, Red LED

Electrophoresis

PROCAREXP

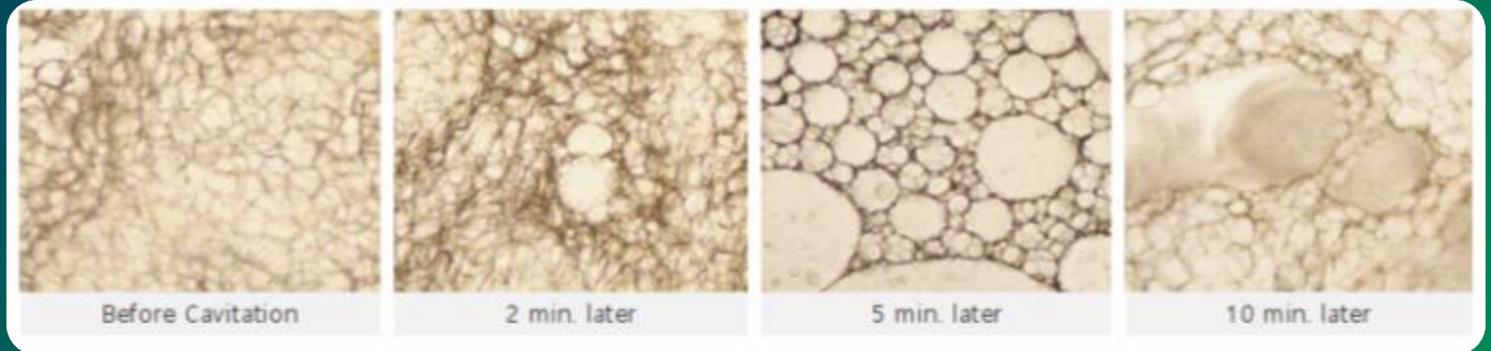

PROCAREXP

What is Cavitation?

MONITORING WITH ELECTRONIC MICROSCOPE OF CAVITATION

Non-invasive body contouring treatment that permanently removes fat cells.

Break down and eliminate fat cells from the body safely and efficiently.

Destroy only fat cells without harming any other cells in body.
