

- Convenient drain box separation and cleaning
- Structurally durable platform

- Additional one touch solution
- Solution conservation
- Adjustment of patented technique

- Digital control solution
- Precise control solution (9steps)
- Reduces solution loss

- Automatic cleaning function
- Automatic power off function

- Detachable one touch connector
- Automatic program upgrade through USB

Specification

Tornado tip	Large, Small
Vacuum Range	Max 680 mmHg
Radio Frequency	1Mhz ,Multi Polar(6Pol)
Ion Lifting	500Hz (Digital Ion Lifting)
Ultrasound	1Mhz / 2W/cm ²
User Interface	7inch Color Touch LCD
Input Voltage	100~120V, 50/60HZ / 220~240V, 50/60Hz
Noise Level	45dB
Weight	12Kg

PROFacial™

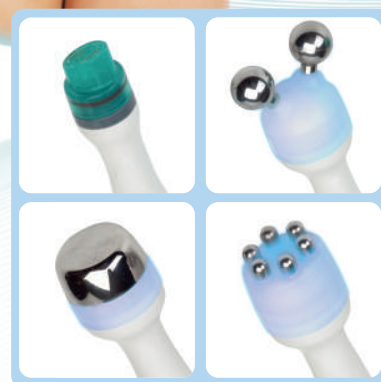

Amazing **All in one**
Facial Treatment!

Versatile Applications

- ✓ Deep Cleanses
- ✓ Face Renewal, Collagen Remodeling
- ✓ Anti Ageing
- ✓ Elimination of wrinkle
- ✓ Face rejuvenation

ProFacial Solutions

- Keratin removal and pores cleansing
- Cleans the inner pores and gives smooth skin texture

- Acne care
- Blackhead, sebum, debris, inner pores cleansing, sterilization, anti-inflammatory, antibiotics effects

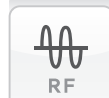

- Penetration of moisture and nutrients
- Contains fermented extract of EGF and Galactomyces
- Lustering, clean, elastic skin

Integrated Technology

Deep Cleanses & Exfoliates & Digital Peeling
Deeply Infuses & Hydrates & Renews the skin
Acne, Anti-Bacteria, Anti-Inflammation, Soothing effect

Collagen remodeling & Improve skin elasticity
Safe and painless, with immediate effect

Stimulates skin tissue, hair roots
Gives skin elasticity & anti-aging

Melts fat & cellulite cell, gives Smooth skin texture
Helps to produce Collagen & Elastin

Blue LED 430nm

7inch Color Touch LCD
Convenient GUI

Foot Switch (Convenient use)

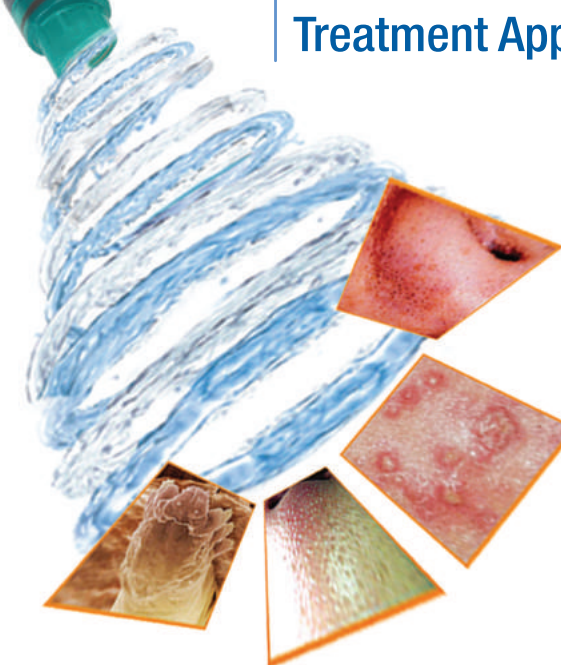

AquaPeel Automatic cleansing
and power off function

Flow and air control through digital mechanism
Precise and convenient control

Treatment Applications

RF

AquaPeel

Ion Lifting

Ultrasound

Mask Lifting

Mask Ultrasound
